Portfolio: aashish-lalwani.vercel.app/infinity | Notice period: 30 days

PROFESSIONAL SUMMARY

Architect working since 2022 in architectural design, construction documentation and project delivery, based in the UAE since October 2023 with work across Dubai, Abu Dhabi, Saudi Arabia, the USA and Canada. Develops design and detailed drawing packages, coordinates consultants and contractors, prepares submissions to programme, and keeps drawings, models and renderings accurate before every issue. Works in AutoCAD, Revit, SketchUp, 3ds Max, Lumion and Photoshop, and automates documentation checks with Python, pyRevit and Dynamo. Winner of the IIA Best Outgoing Student of the Year Award, Council of Architecture thesis award nominee, and second-prize winner in a national design competition.

PROFESSIONAL EXPERIENCE

Architect | **HDR** Dubai, UAE | April 2025 – Present

- Develop architectural design and detailed drawing packages, including plans, sections, elevations, details and Revit models, for the UCSF Medical Center, California; contributed to the design and documentation of NEOM's The Line, Saudi Arabia.
- Coordinate multidisciplinary design teams and consultants on large-scale healthcare and urban projects, resolving design conflicts between disciplines and tracking issues to closure in Revizto.
- Prepare and deliver drawing issues and submissions to programme deadlines, maintaining project trackers, documentation logs, datasets and archives.
- Review and validate drawings, renderings and models for accuracy and compliance with project standards before each issue.
- Lead documentation automation for the project team, developing Python, pyRevit and Dynamo workflows that save hundreds of hours of manual QA/QC and documentation work.

Wayfinding Architect / Technical Detail Designer | **Dezigntechnic** Dubai, UAE | Sept 2024 – April 2025

- Coordinated with municipal authorities, contractors, fabricators, consultants and interdisciplinary teams to deliver projects on time and within budget.
- Produced technical details and drawing packages for fabrication and installation.
- Conducted site visits and project status checks, reporting progress to clients.
- Mapped circulation and spatial flow to develop wayfinding and signage strategies that improve legibility and meet regulatory standards.

Architect Intern | **HDR** Dubai, UAE | Oct 2023 – July 2024

- Produced working drawings, 3D visualisations and spatial models for Sheikh Shakhbout Medical City, Abu Dhabi, in Revit and Dynamo.
- Built BIM-compatible models that reduced construction errors and saved time.
- Developed Dynamo scripts that made design iteration 40% more adaptable within the BIM workflow.
- Prepared design proposals, research and feasibility studies, spatial analysis and visual presentations with project managers to support decision-making.

Junior Architect | **HSC Designs** Ahmedabad, India | March 2022 – June 2023

- Produced detailed architectural drawing sets that reduced construction errors by 25% and saved about 200 man-hours per project.
- Produced 3D renderings and diagrams in Rhino, V-Ray and Adobe Creative Suite that increased project approvals by 40%.
- Applied Rhino and Grasshopper parametric workflows, cutting design iteration time by up to 30%.
- Ran energy efficiency analyses on 4 projects, achieving average energy savings of 15%.
- Wrote CNC machining instructions for 6 projects, reducing material waste by 10%.

EDUCATION

Bachelor of Architecture (B.Arch) Aug 2018 – June 2023
KLS Gogte Institute of Technology, Belagavi | GPA 9.03/10, First Class with Distinction
Thesis: Anahata, a cancer hospital and hospice in Porbandar. Nominated for the Council of Architecture Best Undergraduate Thesis Award, 2023.

AWARDS

- **Winner, Best Outgoing Student of the Year:** Indian Institute of Architects, October 2023, recognising academic excellence and leadership.
- **Second prize, Niraivagam:** national design competition for a forest resort in Athirappilly, Kerala, 2021.
- **Nominee, Best Undergraduate Thesis Award:** Council of Architecture, India, September 2023.
- **Public sculpture:** designed a sculpture for Belagavi (Sambra) Airport, working with the Airports Authority of India under the Azadi Ka Amrit Mahotsav programme.

SKILLS

Design and presentation software: AutoCAD, Revit, SketchUp, 3ds Max, Lumion, Adobe Photoshop; Rhino, Grasshopper, Dynamo, Navisworks, Revizto.

Rendering and graphics: V-Ray, Lumion, Unreal Engine, KeyShot; Adobe Illustrator, InDesign, Premiere Pro.

BIM and automation: Revit BIM modelling and coordination, Python, pyRevit, Dynamo, Grasshopper.

Deliverables: Plans, sections, elevations, details, axonometric projections, perspectives, diagrams, 3D models, renderings, drawing packages for submission and construction.

Practice: Design coordination, consultant and contractor coordination, authority coordination, site visits, drawing validation (QA/QC), delivery to programme, documentation and archiving.

Sustainability and analysis: DesignBuilder, Climate Consultant, energy efficiency analysis.

Office: Microsoft Office (Word, Excel, PowerPoint, Outlook).

Languages: English, Hindi, Arabic.
