# AASHISH LALWANI

## Architect

Dubai, UAE | Ashishlalwani2000@gmail.com | +971 52 180 0489 | linkedin.com/in/aashishlalwani1709
**Portfolio:** aashish-lalwani.vercel.app/som | Notice period: 30 days

## PROFESSIONAL SUMMARY

Architect working since 2022 in architectural design, documentation and project delivery on large-scale healthcare and urban projects across the UAE, Saudi Arabia, the USA and Canada. Produces and coordinates drawing packages, Revit models, renderings and diagrams; coordinates consultants and contractors; and automates documentation workflows with Python, pyRevit and Dynamo. Works in Revit, AutoCAD, Rhino, Grasshopper and the Adobe Creative Suite. Winner of the IIA Best Outgoing Student of the Year Award, Council of Architecture thesis award nominee, and second-prize winner in a national design competition.

## PROFESSIONAL EXPERIENCE

**Architect** | HDR — Dubai, UAE | April 2025 – Present

- Develop architectural design and detailed drawing packages, including plans, sections, elevations and Revit models, for the UCSF Medical Center, California; contributed to the design and documentation of NEOM's The Line, Saudi Arabia.
- Coordinate multidisciplinary design teams and consultants on large-scale healthcare and urban projects, resolving design conflicts and tracking issues to closure in Revizto.
- Review and validate project documentation, drawings, renderings and models for accuracy and compliance with project standards before each issue.
- Lead documentation automation for the project team, developing Python, pyRevit and Dynamo workflows that save hundreds of hours of manual QA/QC and documentation work.
- Manage and deliver drawing issues and submissions to programme deadlines, maintaining project trackers, documentation logs, datasets and archives.

**Wayfinding Architect / Technical Detail Designer** | Dezigntechnic — Dubai, UAE | Sept 2024 – April 2025

- Mapped circulation and spatial flow to develop wayfinding and signage strategies that improve legibility and meet regulatory standards.
- Produced technical details and drawing packages for fabrication and installation.
- Conducted site visits and project status checks, reporting progress to clients.
- Coordinated with interdisciplinary teams, contractors, fabricators, consultants and municipal authorities to deliver projects on time and within budget.

**Architect Intern** | HDR — Dubai, UAE | Oct 2023 – July 2024

- Produced working drawings, 3D visualisations and spatial models for Sheikh Shakhbout Medical City, Abu Dhabi, in Revit and Dynamo.
- Developed Dynamo scripts that made design iteration 40% more adaptable within the BIM workflow.
- Built BIM-compatible models that reduced construction errors and saved time.
- Prepared design proposals, research and feasibility studies, spatial analysis and visual presentations with project managers to support decision-making.

**Junior Architect** | HSC Designs — Ahmedabad, India | March 2022 – June 2023

- Produced detailed architectural drawing sets that reduced construction errors by 25% and saved about 200 man-hours per project.
- Applied Rhino and Grasshopper parametric workflows, cutting design iteration time by up to 30%.
- Ran energy efficiency analyses on 4 projects, achieving average energy savings of 15%.
- Wrote CNC machining instructions for 6 projects, reducing material waste by 10%.
- Produced 3D renderings and diagrams in Rhino, V-Ray and Adobe Creative Suite that increased project approvals by 40%.

## EDUCATION

**Bachelor of Architecture (B.Arch)** — Aug 2018 – June 2023

KLS Gogte Institute of Technology, Belagavi | GPA 9.03/10, First Class with Distinction
Thesis: Anahata, a cancer hospital and hospice in Porbandar. Nominated for the Council of Architecture Best Undergraduate Thesis Award, 2023.

## AWARDS

- Winner, Best Outgoing Student of the Year: Indian Institute of Architects, October 2023, recognising academic excellence and leadership.
- Second prize, Niraivagam: national design competition for a forest resort in Athirappilly, Kerala, 2021.
- Nominee, Best Undergraduate Thesis Award: Council of Architecture, India, September 2023.
- Public sculpture: designed a sculpture for Belagavi (Sambra) Airport, working with the Airports Authority of India under the Azadi Ka Amrit Mahotsav programme.

## SKILLS

**Design software:** Revit, AutoCAD, Rhino, Grasshopper, Dynamo, SketchUp, 3ds Max, Navisworks, Revizto.

**Rendering and graphics:** V-Ray, Lumion, Unreal Engine, KeyShot; Adobe Photoshop, Illustrator, InDesign, Premiere Pro.

**Automation:** Python, pyRevit, Dynamo, Grasshopper.

**Sustainability and analysis:** DesignBuilder, Climate Consultant, energy efficiency analysis.

**Deliverables:** Plans, sections, elevations, axonometric projections, perspectives, diagrams, 3D models, renderings, technical details, drawing packages.

**Practice:** Design coordination, consultant and contractor coordination, drawing validation (QA/QC), project delivery to programme, documentation and archiving, team coordination.

**Office:** Microsoft Office (Word, Excel, PowerPoint, Outlook).

**Languages:** English, Hindi, Arabic.
